Dear Dr. Darling:

The NCFR Family Life Education Certification Review Committee was pleased to approve your application for certification as a Family Life Educator when the members met in June.

The period of certification is 5 years, contingent upon your continuing membership in the National Council on Family Relations and participation in professional growth and development activities related to family life education. Embossed seals signifying continuation of certification will be issued to you each year when your annual dues are received in this office. Instructions for renewing certification at the end of the initial five year period can be found on page 5 of the "Standards and Criteria" booklet.

The Family Life Educator Certificate is presently being revised due to the change in the NCFR organizational logos. Your individual certificate with your name imprinted will be mailed to you as soon as this revision is completed (estimated at mid to late summer).

On behalf of the Certification Review Committee and the entire National Council on Family Relations, sincere congratulations on your achievement in becoming a Certified Family Life educator.

Sincerely,

A handwritten signature in cursive script that reads 'Joyce Portner'.
