General Conference Information

- **Conference Registration Fees** - All persons attending the NCFR Conference, including program presenters, must register and pay the registration fee. Everyone must stop at the registration desk located in the 8th floor lobby of the Westin Peachtree Plaza Hotel upon arrival (including all who have pre-registered). Packets and name tags will be given at that time. Check the "Ongoing Events" Section of this program for a listing of registration hours.

The basic registration fee includes admission to all plenary sessions, Section sessions, poster sessions, master lectures, focus group sessions, special sessions, Meet the Authors session, entrance to exhibits, and receptions. No advance sign-up is necessary to attend these events. Advance sign-up and fees are necessary for Carousel Seminars (Round Tables), some Special Events, and Pre- and Post-Conference Workshops. Check the registration form found in the center of this program.
- **Name Tags** - Name tags must be worn at all times throughout the Conference. Persons wearing yellow name badges are first-time attendees at an NCFR Conference. Board members, local arrangements committee members, and program committee members will be wearing colored ribbons on their badges. These people will be glad to answer questions or provide assistance.
- **Hotel Accomodations** - The Westin Peachtree Plaza Hotel is the headquarters hotel for NCFR. Rates are \$76 for a single room; \$88 for a room for two. The hotel reservation card is located in the center section of this program. If you prefer to call, phone the hotel at 404-659-1400. Be sure to identify yourself as an NCFR Conference attendee to receive the discounted rates. Conference rates are valid November 11-24. Make your reservations early. **The cut-off date is October 24.** After that date NCFR's block will be released and rooms are open only as space is available.
- **Airfare Discounts** - NCFR has contracted with **Stratton Travel** and **Delta Airlines**, the official carrier for the 1987 Conference. Delta is providing Conference attendees and their families discounted fares of either **5% off the lowest applicable** fare available at the time of booking if restrictions can be met; OR 40% below coach class fare if restrictions cannot be met for the lower fare. Canadian members will receive a 35% below coach fare discount. **This service is available only through Stratton Travel.** If you cannot use Delta as a carrier for your travel, Stratton will find you the lowest applicable fares on other airlines. For further details see the advertisement on page 27 of this program.
- **Family Resources Database (FRD) Online Training Workshop and Searching** - Learn how to search the Family Resources Database on-line with an easy-to-use menu-drive information system on Sunday afternoon. Searches will be demonstrated in the exhibits area at the NCFR Booth Monday - Thursday. Specific times will be listed in registration packets. A terminal will be available for these sessions.
- **Audio Tape Service** - Wilbur Hutchinson, Custom Audio Tapes, Bridgeport, IL, will again be taping major sessions (plenaries, master lectures, Section meetings and some pre- and post-conference workshops). Tapes are available for sale **immediately after each session** and throughout the conference at a very reasonable cost. Look for the display in the registration area. Tapes are professional quality and fully guaranteed.
- **Message Centers** - Bulletin boards are located in the registration area - 8th Floor Lobby - for exchanging messages. Note pads are available at the registration booths. Notes should be placed on the bulletin boards in alphabetic order by last name initial. There will be a board in the **press room** so the media may contact conference speakers. Speakers should regularly check that board for messages. The **employment service** also has bulletin boards for the convenience of prospective employers/employees who wish to meet during the Conference.

- **Emergencies** - The Local Information Desk/Hospitality Room (Grady Room) has a list of physicians, dentists, drug stores, etc. If an emergency arises during the Conference either call the **hotel operator** or have Cindy Winter, Conference Coordinator, paged. **Do not attempt to dial 911 yourself.** Either the hotel or Cindy will contact the proper authorities.

- **Child Care** - The Friend of the Family Child Care Service will be available Sunday - Wednesday, 8:00 a.m. - 5:00 p.m., and Thursday, 8:00 a.m. - 12:00 p.m., at a cost of \$4 per hour per child. Parents are responsible for feeding their children between 12:15 - 1:15 p.m. daily. The Child Care Service is located in Tower Room 8 of the Westin Peachtree Plaza Hotel. Check the appropriate space on the Conference Registration Form if you wish to use this service.

- **Local Tours/Events** - Guidelines-Atlanta has set up some tours. A list appears on page 25 of the Conference Program. If you wish to sign up for these events, fill out the form which is enclosed with this program and mail directly to Guidelines-Atlanta, P.O. Box 52503, Atlanta, GA, 30355.

- **Continuing Education Units** - Many of the major sessions may be counted as Continuing Education Unit credits for other family organizations. If you wish to receive a certificate, contact the cashier in the registration area and pick up your materials. An evaluation form must be filled out and returned immediately following the Conference. A \$5.00 processing fee will be charged.

- **Meet the Authors** - Tuesday evening, from 4:30 to 5:30, there will be several authors present who have recently published books. If you are an author who wishes to participate, contact Cindy Winter, Conference Coordinator. Authors will be seated in an area of the Exhibits and attendees are welcome to discuss these books with the specific authors. Come and join your friends and colleagues and visit the other exhibits.

- **Types of Sessions Featured at NCFR** - The NCFR Conference offers a variety of session types throughout the week. A brief description follows:

Plenary Sessions: General sessions which may be attended by all registrants. Speakers explore various aspects of the Conference theme. No other sessions are scheduled during plenaries.

Section Meetings: Concurrent sessions which are sponsored by NCFR's Sections. Registrants may attend any of the Section meetings during the specified times. It is necessary to choose one session each time. No pre-registration is necessary. Section membership is not a prerequisite for attendance at these sessions.

Master Lectures: General sessions during which time an expert on a given topic presents a lecture.

Poster Sessions: A series of display presentations that allow face-to-face conversation between authors and viewers. Posters are set up near the Exhibits at four different times: Sunday, 1:00 - 2:45 p.m.; Tuesday, 12:15 - 1:15 p.m.; Wednesday, 12:00 - 1:15 p.m.; Thursday, 7:30 - 8:30 a.m. Authors of the posters will be present during these hours. The posters will remain in the exhibits area for an additional hour and a half after each session. Posters are set in numeric order. Registrants may visit as many posters as they wish during the allotted time periods.

Carousel Seminars (Round Tables): A popular feature of the Conference designed to bring together small groups of people interested in discussing specific topics. Pre-registration and additional fees are necessary to attend carousel/rounds. The list of round tables is found on the enclosed registration form and in this program. Be sure to rank order 10 choices because these sessions fill fast. Requests are filled on a first-come-first-served basis, in order marked on the form.

Attendees are invited to stop in at the Hospitality Room, get acquainted with others, relax, and meet your hosts from Georgia, Alabama and Tennessee. There will be brochures about restaurants, cultural events and sites to visit. The hosts will also have lists of local services in the area.

This area will be closed during major sessions such as plenaries and master lecture.

Job and candidate forms are filed in notebooks, and messages may be left at the message center in the employment area. Those wishing to use this service are encouraged to write the Conference Coordinator at NCFR headquarters to have forms sent prior to the conference. CITY OF ATLANTA

ANDREW YOUNG
MAYOR

November 8, 1987

Greetings:

It gives me great pleasure to welcome those gathering in our city for the Annual Meeting of the National Council on Family Relations.

Strong family units are the springboards for young people to become leaders and productive citizens. There can be no substitute for a stable home base in providing the type of familial support system that results in the well-rounded development of our youngsters.

We commend the members of the National Council on Family Relations for taking steps toward strengthening familial ties. On behalf of the people of Atlanta, I extend best wishes for a successful meeting and a pleasant visit in our City.

Sincerely,

A large, stylized handwritten signature of Andrew Young in dark ink, featuring a prominent loop and a long horizontal stroke.

American Sociological Association

Cumulative Index

The **Cumulative Index of Sociology Journals**, published in 1987, covers the 1971-1985 issues of all ASA journals. In addition, the **American Journal of Sociology** and **Social Forces** have been incorporated into the **Index**. Compiled by Judith Lantz of Carbondale, both subject and author indexes are included. 1986, 772 pages. \$35 to ASA members; \$45 to non-member individuals; \$60 to institutions.

1987 Guide

The **Guide to Graduate Departments of Sociology** contains listings for 240 graduate departments of sociology and joint departments with sociology (anthropology, social work, etc.). Information provided for each department includes tuition, financial aid, specialties and special programs, faculty members, PhDs awarded, and chair/graduate advisor. 334 pages. \$5 to ASA members and full-time students; \$10 to non-members and institutions.

Teaching Sociology

Formerly published by Sage, **Teaching Sociology** is now an ASA quarterly journal. Edited by Theodore C. Wagenaar of Miami University, the journal includes research articles, teaching tips, and reports on teaching sociology. A new section includes textbook and film reviews. **TS** reflects the ASA's continuing commitment to effective teaching. \$13 to ASA members; \$25 to non-member individuals; \$48 to institutions.

Contemporary Sociology

Published bi-monthly, **Contemporary Sociology** is designed to give new thrust and style to criticism within the field using a variety of formats such as review symposia and essays. Since not all publications of interest to sociologists and other social scientists can be reviewed, editor Ida Harper Simpson selects those reflecting important trends and issues. \$16 to ASA members; \$30 to non-member individuals; \$66 to institutions.

Sociological Theory

A new semi-annual ASA journal, **Sociological Theory** publishes papers in all areas of sociological theory as well as a section on "Theory News and Comment," which includes less formal statements on recent intellectual developments and controversies. According to editor Norbert Wiley, **ST** "captures the diversity, the clash and the clatter now going on in social theory." \$13 to ASA members; \$19 to non-member individuals; \$24 to institutions.

Membership

For 80 years, the ASA has served teachers, researchers, and practitioners with a wide variety of services, publications, and programs. Benefits to membership include special interest sections, COSSA representation, varied publications, certification at PhD and MA levels, group insurance, minority fellowship and professional development programs, and an active voice in national affairs. Write the ASA for an membership brochure and application.

HEAVY LOAD

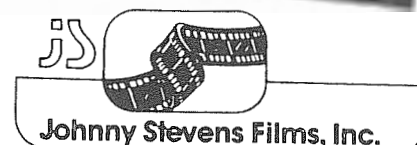

...an Educational Narrative

Joyce is an addict but doesn't know it. Her dependency cripples her family relationships, it controls her daily activities, and it burdens her with guilt, depression and isolation. But Joyce's addiction is not one that causes Congressional action or national outcry — she is a victim of compulsive overeating.

Heavy Load is the story of a mother struggling with an overwhelming compulsion for food. The film portrays many of the idiosyncracies of the compulsive personality, such as denial of the problem, procrastination, and hiding or sneaking food.

As is usually the case, Joyce's addiction has a detrimental impact on her family. She unconsciously nurtures her son's growing dependence on food to justify her own. Unable to secure a loving relationship at home, her daughter seeks love from her Uncle Matt. Matt is a recovering compulsive eater who recognizes his sisters problem, but resists forcing solutions on Joyce until she demonstrates a readiness to face her addiction.

Heavy Load offers the family professional and teacher an accurate illustration of the compulsive personality. It serves as an excellent prelude to group discussions on addiction, particularly, compulsive eating.

Richard Wawro, Artist

Produced by Dr. Laurence A. Becker, filmed and edited by Ron Zimmerman, WITH EYES WIDE OPEN explores the life and work of internationally acclaimed handicapped artist Richard Wawro of Edinburgh, Scotland. For many years others had described this remarkable person as "hopelessly retarded, with an IQ of 30," but the film offers a warm personal view of a disturbed and disabled little boy who, through his art, is becoming a young man with joy and confidence in his work, in his world, and in himself.

Marriages and Families: Making Choices and Facing Change Third Edition

by MARY ANN
LAMANNA
and AGNES
RIEDMANN

Available January 1988

"MARRIAGES AND FAMILIES is the first book of my college career to be read from cover to cover. I am a Junior. Presently I am in a somewhat serious relationship and found the book very useful in assessing how emotionally involved I really am, how 'close' we are, and just in general getting a feeling for where I'm at and understanding it . . . Overall, I thoroughly enjoyed the book. I wouldn't dare think of giving it up. I value it."

★★ *Michael Gilchrist, student*
Colorado State University

The comments of Michael Gilchrist reflect the feelings of many college students. Facing new relationships, values, and choices they enroll in Marriage and Family courses to explore these issues and learn how to make informed decisions in their lives. Lamanna and Riedmann's text gets right to the heart of their concerns—students not only get an overview of the pertinent facts, theories, and research in the field, but are also encouraged to step back, analyze the issues, take stock of their own feelings, and then make intelligent decisions.

The Third Edition offers:

- ★ restructured chapter sequence for better coherence (e.g., chapters on communication and power now grouped with ones on defining marriage and the family)
- ★ updating of all statistics and incorporation of new developments in research and thinking on marriage and family
- ★ new boxes and case studies on high student interest topics such as date rape, jealousy, and married couples as partners

Marriage and the Family Second Edition by MARCIA LASSWELL and THOMAS LASSWELL

"I think the text's strongest point is its positive orientation. The Lasswells address pressing family issues and show . . . that while families do have problems, they are solvable."

★★ *Eleen Baumann, professor*
Oregon State University

In their new Second Edition, the Lasswells' successful partnership and unique blend of experience (she's a psychologist; he's a sociologist) provide a balanced, enriching view of the dynamics of intimate relationships and give students positive, workable ways to tackle pressing problems.

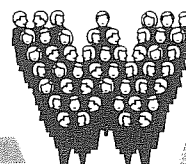

The Lasswells:

- ★ draw examples from their counseling/therapeutic experience so students see how theory applies to specific problems real people face
- ★ use a wide range of sociological and psychological theories and research and clinical material to give balance to discussions
- ★ cover cross-cultural, ethnic and racial factors in marriage and the family to broaden students' range of experiences
- ★ cover the topics that have touched the lives of most students—love and attraction, communication, blended families, and stepparenting

INTRODUCING THE NATIONAL COUNCIL ON FAMILY RELATIONS

FAMILY RESOURCES DATABASE'S NEW ANNOTATED BIBLIOGRAPHY SERIES

The annotated bibliographies listed below have been taken directly from the NCFR's Family Resources Database. Order now and receive these low-cost information packed resources.

The Family Resources Database is a computerized core collection of literature, programs, directories and services of the family and allied fields. It fills information gaps among health sciences, psychology, sociology, education, social work, law, home economics and other disciplines. Over 130 subject areas representing the interdisciplinary family field are covered in the database.

The Family Resources Database can be accessed worldwide in reference departments of local university, college and public libraries, medical centers and hospitals or independently by personal computer.

"Excellent resources for curriculum development, I purchased some for each of our teachers," Dr. Joan Wilkosz, Home Economics Consultant, Minneapolis Public Schools.

Please indicate your bibliography selections on the order form below and return the form along with your check or money order to the NCFR (address on form).
