1969 ANNUAL MEETING

Richard N. Hey, Family Study Center, University of Minnesota, Minneapolis, Minnesota 55455, announces that plans for the conference are shaping up nicely. As general program chairman, Dr. Hey has been gathering materials from many people to carry out the theme of "Beyond the Anti-Family Society--making society fit for families." Just what effect do our institutions have on families? What imaginative approaches are being used by government, labor, arts, and business? Industry, education, government, and religion often tend to thwart family goals and development in our society. The family has not been treated as our basic institution.

The Annual Meeting will be held October 22-25 at the Sheraton Park Hotel in Washington, D.C. Working with the general chairman will be the Section Chairmen: Counseling - John T. Greene, School of Social Welfare, Florida State University, Tallahassee, Florida 32306; Education - Laurence Smardan, Department of Home Economics, Fresno State College, Fresno, California 95114; Research and Theory - Harold Feldman, Department of Child Development and Family Relationships, Cornell University, Ithaca, New York 14850; Special Emphases - Mary Lou Purcell, Division of Home and Community, Stephens College, Columbia, Missouri 65201. A new section devoted to discussion of the theme in depth, is under the charge of David Holland, Student Counseling Bureau, University of Minnesota. The Round Table discussions are under the direction of Lester Baker, Protestant Council Family Court Services, 1133 Lincoln Place, Brooklyn, New York 11213. Local Arrangements Chairman is Marjory Brooks, College of Home Economics, University of Maryland, College Park, Maryland 20742. Please do not do this unless absolutely necessary.

A few comments follow regarding the form. 1) It is necessary that you stay within the number of boxes provided. Abbreviate when necessary. 2) Year of birth is requested, but those who prefer to leave these boxes empty are, of course, free to do so. 3) Please note that the items listed under point six are not necessarily in hierarchical order. 4) If you are employed by an educational institution, give your professional rank in question ten rather than your administrative position (i.e. professor rather than chairman).

In order for our new system to be effective, every member must fill out this questionnaire. Please take a minute right now and mail it back to us. We would greatly appreciate having all forms returned within ten days.

Sincerely,

Ruth H. Jewson (Mrs. V.W.)
