IMPORTANT NOTES ON CONFERENCE REGISTRATION!

Dear NCFR Members,

This year we are printing the entire NCFR Annual Meeting program in the August Newsletter, in all of its overwhelming but wonderful abundance, so that you may start planning just what you will want to attend during each hour of the conference. As you can see, there are important events from Wednesday afternoon right through the Section meetings Saturday afternoon.

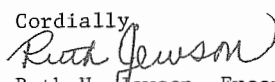

You will notice that an Implementation Conference has been scheduled following the Annual Meeting. Delegates of other national organizations have been invited to discuss at that time how we can work together to use the information gained at the Annual Meeting.

We are very pleased that the Illinois State Employment Service is providing us with placement help for those seeking new positions or looking for staff. It is important that you indicate

your needs on the enclosed form, so that this service may be truly useful.

Also enclosed are the hotel reservation form, instructions regarding Round Tables and other meals, and registration forms to be filled out in duplicate. This will allow us to file one set of forms alphabetically at the conference, so that delegates can check to see where friends are staying. Please note that no tickets will be mailed in advance. They may be picked up at the Conference registration desk upon your arrival at the Annual Meeting. Registration cancellations will be accepted no later than September 21. After that we must ask you to be responsible for disposing of any tickets you cannot use.

We are eagerly looking forward to seeing you in Chicago in October.

Cordially,

Ruth H. Jewson, Executive Officer

STUDENTS!!

---There will be a discussion of the role of students in NCFR and possible activities at various levels of the organization.

---An attempt will be made to put student members in touch with others in NCFR who share similar concerns in research or practice.

---An additional benefit of the Student Interest Session will include opportunities for meeting other students, planning free time entertainment, and general fraternizing.

PLAN TO ATTEND THE STUDENT INTEREST SESSION ON FRIDAY, OCTOBER 9, AT 2:15 P.M.

See page 12 to fill out the form at the bottom of the page. Return immediately to the NCFR office. This is to help us plan the session.

NATION'S FIRST EDUCATIONAL GERONTOLOGY PROGRAM

Wilbur J. Cohen, Dean of the University of Michigan School of Education, and Woodrow W. Hunter, Acting Co-director of the Institute of Gerontology, Wayne State University-University of Michigan, have announced the establishment of a joint graduate program in Educational Gerontology at the University of Michigan. Students working toward master's, specialist or doctoral degrees will be recruited for the program. ASSISTANCE TO MULTIPERSON MARRIAGES

The Multilateral Relations Study Project is a broad investigation of contemporary group or multilateral marriages. Contact is maintained with participants in group marriages across the country in a reciprocal relationship in which respondents assist in understanding the real nature of group marriage, and the MRSP serves as a resource in their own problem-solving. Some of these would like to have professional assistance in the form of individual or group counseling or therapy but have had difficulty in locating professionals able to approach an expanded family situation without prejudice. Working with respondents in the MRSP should prove a unique opportunity for liberal professionals to learn first-hand of an important innovation in marriage and family relations while facilitating alternate family structures. Qualified marriage counselors, clinical psychologists, therapists, and similar professionals, (especially with experience in group conjoint approaches to marital situations) who are interested in working with group marriages should write, introducing themselves, to Larry and Joan Constantine, 26 Carey Avenue, Watertown, Massachusetts 02172. The Constantines are prepared to assist in any way possible professionals desiring information on group marriage either to aid in therapy, education, or for future reference.
