PROGRAM

1974 NCFR-AAMFC ANNUAL MEETING

THEME: THE ART AND SCIENCE OF INTIMACY AND LOVING

"Meet me in St. Louis"
October 22-26, 1974, Jefferson Hotel

This issue of the Newsletter presents the program for the NCFR-AAMFC Annual Meeting. A comprehensive and exhilarating array of experiences is promised for everyone! Special thanks go to Gerhard Neubeck, *University of Minnesota*, general program chairperson; Edward Rydman, *Dallas, Texas*, Sander Latts, *University of Minnesota*, Sharon Price Bonham, *University of Georgia*, David Olson, *University of Minnesota*, and Robert Staples, *University of California at San Francisco*, Section Chairpersons; John Hudson, *Scottsdale, Arizona*, AAMFC program chairperson; Arthur McArthur, *University of Missouri at Columbia*, local arrangements chairperson; Carolynne Kieffer, president of the Missouri Council on Family Relations, whose responsibilities have been numerous; Dorothy Thompson, *University of Missouri*, who undertook the tremendously complicated task of plotting meeting room arrangements; and the many persons working behind the scenes, who are announced later in the Newsletter.

Hotel registration cards, to be returned to the hotel, will be mailed to you as you register through the NCFR office; hotels don't supply 10,000 cards for a bulk mailing anymore. We hope you will be pleased that in these days of high prices our local arrangements chairperson selected an older, inexpensive, but well-located hotel this year. A pleasant plus is that our conference will take over the whole building. Student members please note: Quads are \$24.00 a day. Please arrange ahead of time for your own roommates, for the hotel cannot provide this service. If you want the NCFR office to choose roommates for you, we'll try.

SPECIAL MUSICAL EVENTS

THE NEW MUSIC CIRCLE OF ST. LOUIS WILL PRESENT "THE MUSIC OF SCOTT JOPLIN." The New Music Circle is a non-profit organization devoted to sponsoring the performance of contemporary music and music of contemporary interest, such as that of Scott Joplin. (He composed some of the music for The Sting.) Their performance at the Annual Meeting has a particular historic interest to St. Louis, since Scott Joplin composed much of his ragtime music while he was in this city, and it was arranged by a St. Louis publisher. The New Music Circle's program will present some of the highlights of Scott Joplin's life, a bit of the history of St. Louis of that time, and a little of his music, as they do a facsimile of a 12-piece orchestra playing ragtime from the beginning of the century. Robert Coleman is the director of the New Music Circle of St. Louis.

THE ST. LOUIS STRING QUARTET WILL PRESENT A PROGRAM Wednesday afternoon. The Quartet was founded in 1967 by four principal players of the St. Louis Symphony Orchestra: Max Rabinovitsj, first violinist, who has been concertmaster of the St. Louis Symphony orchestra since 1954; John Korman, violinist; Darrel Barnes, violinist; and John Sant' Ambrogio, cellist.

A CALL FOR BOOKS AND OTHER TEACHING MATERIALS

Dear Colleague:

I am writing to you as the result of a three-week visit to the University of Karachi in July 1974, with a request for surplus books, research papers (your own reprints if available), manuscripts, periodicals, models and other teaching materials which then can be sent to the University of Karachi for use by students and members of the faculty.

The University of Karachi is one of the first educational systems in Pakistan to move to a semester (U.S.) system. They now have regular courses, instruction, etc., a change from the British system of student voluntary participation and examinations for the degree.

This has meant a great demand for all types of reading materials for students and faculty in its thirty-eight departments and six professional schools. The 1971 war with India resulted in a loss of supply and support for such teaching materials as basic periodicals, texts and research papers. International agencies have provided less than adequate response to this critical need.

The vice-chancellor, Mahmood Hussein, and others of his administration and faculty are enthusiastic regarding the possibilities of this "academia to academia" relationship and self-help effort in the private sector.

The Asia Foundation under its Books for Asia program has graciously consented to ship all collected books and other materials for us. The criteria of selection of the Asia Foundation are:

"Books must be published no earlier than 1963. Standard works by such authors as Dickens, Hemingway, Plato, and Balzac, published in any year are also needed.

Elementary or secondary level textbooks will be accepted only upon prior arrangement.

Scholarly, scientific, and technical journals must be in unbroken 10-year runs starting in 1950 or later. Popular and news magazines are not desired.

All materials must be in excellent condition."

You can ship books to: *University of Karachi-Sussman, c/o Books for Asia, 451 Sixth Street, San Francisco, California 94103*, using the following methods: (1) less than 200 pounds: By mail: "Special 4th class rate - Books," in packages under 70 pounds each; (2) More than 200 pounds: By motor freight (e.g., Consolidated Freightways). Do not use REA Express or moving van. Classify shipments as "Used Books"; or by mail: "Special 4th class rate - Books."

Books may be shipped in ordinary cardboard cartons securely tied. All shipments should be marked "Books for Charitable Purposes."

If you cannot cover the postage or shipping expenses, send me the bill and I will pay for it. Send me also a list of what you have shipped to San Francisco. In the event you have special items, e.g., reprints, odd journals, send these to me for screening. I have another method for handling selected items.

Such donations are tax exempt, I believe, but more important is citizen action and your role in it. When you actually see, as I have, thirty students struggling for the use of a single book in a graduate seminar you suddenly realize the true meaning of "the haves and have nots."

Please join me in this effort. I have informed the Asia Foundation that September 1, 1974-March 1, 1975 is the collection period of this project. I will report to you what we accomplish by April 15, 1975.

Sincerely,
Marvin B. Sussman

She presented the monetary award to the Council for educational use related to child abuse and neglect.

A unique service of the Council has been the preparation and distribution of a map of the City of Greensboro, with attached pinpoints locating all of Greensboro's licensed day care centers. The League of Women Voters cooperated in this endeavor.

The Greater Greensboro Council, with Kate Garner as Executive Director, is a member of the United Way of Greater Greensboro.

BE IT THEREFORE RESOLVED, that the Western Council on Family Relations supports ratification of the Equal Rights Amendment to the Constitution of the United States of America."

Other action included setting up a legislative grid system in California. Six student volunteers are monitoring legislative activity and following bills of interest to the WCFR, including women's rights, children, divorce reform, credit and consumer protection, etc.; and are receiving high school or college credit for their work. This type of structure will be set up in each of the four WCFR states.
