## Kansas City

The Hyatt Hotel is connected to Crown Center by The Link, a climate-controlled, pedestrian walkway. Crown Center is a tri-level shopping and entertainment center featuring more than 60 shops, 20 restaurants, 2 live theaters, a 6-screen cinema, and a skating pavilion. Among the many free attractions are Hallmark Cards headquarters, housing a Visitors Center with over 80 years of memorabilia, and a Kaleidoscope for children. The Crown Center Exhibit Hall exhibitions also educate and entertain visitors.

Other Kansas City attractions include: Country Club Plaza · Nelson-Atkins Museum of Art · Negro Leagues Baseball Museum · Toy and Miniature Museum · Kemper Museum of Contemporary Art and Design · Westport Jazz · Harry Truman Library and · Steamboat Arabia, a replica of the Steamer Arabia which sank in the Missouri River in 1856. The Hawley family unearthed its remains in a farmer's field. With their own funds, the family recovered and painstakingly restored over 200 tons of "treasures" from the ship and built a replica of it to house the memorabilia. This family's legacy to America provides an unforgettable experience for family conference goers.

Trolley transportation from the Hyatt Regency Hotel will take you to many of the city's most popular attractions. Trolleys operate Monday-Saturday from 10 am to 10 pm, and Sunday from 12 to 6 pm, and include a narrated tour of the city. Access the Kansas City home page for more information: [www.kansascity.com](http://www.kansascity.com)

### NEW FOR 1997

#### ***Marriage and The Family: Diversity and Strengths, Second Edition***

David H. Olson and John DeFrain

Combining their experience as seasoned family scholars and family therapists, the authors integrate research, theory, and practical application to produce a unique introductory marriage and family text. Four themes — Diversity, Family Strengths, Intimacy, Change — unify the presentation and guide students through each chapter. The second edition of this best-selling text has been streamlined and thoroughly updated with new research. A unique student assessment inventory (AWARE) is also available (call for details).

Available next month.  
ISBN 1-55934-656-6.

#### ***Families in Cultural Context: Strengths and Challenges in Diversity***

Mary Kay DeGenova

This text includes eleven chapters devoted to eleven different types of ethnic American families. Students are encouraged to compare and contrast these families — their structures, lives, and experiences — and thus place them into meaningful cultural perspective. Readability and consistency are maintained across chapters by the adherence to a common framework. Content draws upon many disciplines: history, anthropology, sociology, psychology, communications studies, and human development.

Available in January.  
ISBN 1-55934-581-0.

## **Marriage and Family Texts from West**

### **Choices in Relationships, Fifth Edition**

**Hardcover, 770 pages, 1997**

David Knox, East Carolina University

Caroline Schacht, East Carolina University

*This text blends theory and research with a focus on applications. It encourages students to take charge of their lives by deliberately making informed decisions about marriage and family. This edition provides expanded coverage on gender differences and multiculturalism, plus increased coverage of the unique needs of older populations. There is a new emphasis on cultural, structural, and interpersonal explanations for our choices. A new chapter on managing stress and family crises (chapter 17) has been added to discuss topics such as unemployment, illness, abuse and death.*

### **Marriages and Families in Context**

**Hardcover, 700 pages, 1997**

Gene Starbuck, Mesa State College

*This text introduces students to a sociological perspective of the institutions of marriage and the family. The contemporary, historical and cross-cultural diversity present in marriages and families are put into social, historical, cultural, and theoretical contexts. The book employs a scripting paradigm to analyze the construction of societal scripts. The scripting paradigm helps students put their own family experiences into a larger social context; at the same time it used their personal views to help them appreciate the more abstract study of the family.*

# Make the Most of the Conference

## How to Prepare Before You Leave Home

### Review the Printed Program Carefully

- ◆ Note all of the sessions you would like to attend. Highlight your "must sees."
- ◆ Rank the presentations you want to attend. Try to schedule association business and committee meetings and receptions/parties. Be sure to include videos you want to preview and appointments you want to make. Write your final choices on your **Personal Schedule Planner** in the pull-out section of this Program.

### Make Networking Plans

- ◆ Ask your colleagues to introduce you to people you want to meet.
- ◆ Prior to the Conference, schedule appointments with those people you would like to meet at the Conference. Read their books and articles for ease in conversing with them.
- ◆ Bring return address labels or print your name and address on a sheet of peel-off labels so that you can quickly attach them to sign-up lists and order cards.
- ◆ Bring along business cards to hand to exhibitors, presenters, and new friends.
- ◆ Pack copies of your resume for colleagues and the Employment Matching Service.
- ◆ The NCFR Conference offers a limited number of volunteer positions. Many student volunteers at NCFR conferences have become active members in our association after this experience. If you work 8 hours, your conference registration fee will be refunded after the conference. Contact the NCFR office by September 1 to obtain a form.

### Miscellaneous notes

- ◆ To prepare for emergencies, leave the name and telephone number of the hotel, your schedule, and NCFR's number with your family and colleagues.
- ◆ Select clothes that create the image you want to project at the conference. This is particularly important if you are using the job service. Also include clothes for exercise, and all types of weather.
- ◆ Allow space in your luggage to bring home copies of papers, books, and flyers.

## Promote Yourself at the Employment Matching Service

- ◆ The NCFR Employment Service lists job openings, candidate files, and provides a space for preliminary interviews. Many universities and colleges use the job service for initial interviews. You may also

meet prospective employers in various sessions.

### Tips for Using the Employment Service

- ◆ Follow the directions explicitly when preparing your materials.
- ◆ Bring plenty of resumes and business cards with you. You may find openings not listed through the job service.
- ◆ Send your employment service materials before the conference so that you are listed in the alphabetic files. Inform colleagues you are looking for a job; they may give your name to employers.

### Be Assertive at the Conference.

- ◆ Register at the employment service on opening day and keep returning – new jobs are posted daily. Leave messages on the board for those you wish to contact, and keep checking. If there is no response to your notes, leave a room message or ask colleagues to help you find them, but keep trying!
- ◆ Remember that you are making an impression at all conference events, sessions, receptions, and parties. Network, dress, and conduct yourself accordingly. Send thank you notes to all appropriate people.

## Be An Active Participant in Conference Activities

- ◆ Attend all main sessions. The speakers are leaders in the family field.
- ◆ If you are attending with several colleagues, choose a variety of presentations so that you can cover more topics, and share information and handouts later.
- ◆ Take notes during the sessions and purchase the audio and/or video tapes.
- ◆ Attend a variety of sessions: posters, papers, round tables. Each offers unique learning and networking experiences. Small informal sessions offer opportunities for interaction between presenters and the audience.
- ◆ Stay after sessions and introduce yourself to the speakers – but do remember to be courteous of the speakers' time.
- ◆ If sessions offer 3 or 4 papers, and only one is of interest to you, conference etiquette allows you to quietly enter or leave a session between papers. If several presentations conflict, leave a business card for the author to contact you or to send a copy of the handout.
- ◆ During a session, think of questions you may want to ask the speaker during the question/answer period. Don't ask questions that give the impression you weren't listening. Keep questions brief. Don't seize the stage for yourself and your own work.

## Types of Conference Sessions

◆ If you are registered and wearing a name badge, you are free to attend any session listed, with the exception of the receptions sponsored by colleges/universities. No advance reservations are required for sessions. During concurrent sessions, you choose which one to attend.

◆ **Plenaries:** General sessions attended by all registrants. Speakers focus in depth on a theme. No other sessions are scheduled during these sessions.

◆ **Concurrent Section Sponsored Sessions:** Each session has a theme. Three to four papers are presented during the time period. Some include audience discussion. Symposia and Workshop sessions have a specific theme. A moderator leads the discussion, and a discussant relates the papers to each other.

◆ **Posters:** Presentations summarized in graphic form. Posters are grouped by subject. Authors are present to discuss their work, and may have handouts for you to take home.

◆ **Round Tables:** Informal discussion sessions with 1 or more leaders doing a 10-15 minute overview of a specific topic. Round tables are limited to 10 participants per table, first-come first-serve basis.

◆ **Focus Groups:** Special topic groups which meet for informal discussion of topics not central to existing Sections within NCFR. Everyone is welcome to attend.

## Integrate With NCFR

◆ NCFR membership and NCFR Sections are excellent means of advancing your career, and establishing professional networks.

◆ Attend business and Section membership meetings. Your input is important and provides a way of becoming active in the organization.

◆ Volunteer to help with Conference functions and other programs and committees. NCFR depends on members for volunteer service in order to function effectively. You benefit by working side by side with key leaders.

## Visit the Exhibits and Video Festival

◆ Exhibits are an integral part of the NCFR conference. They provide one-stop shopping. Many publishers sell by mail, and this may be your only chance to review their materials before buying.

◆ **Check the Exhibits Directory carefully.** Exhibitors include publishers, graduate schools, foundations, government agencies, computer software companies, and other companies providing services for academics.

◆ Pick up Exhibit brochures and catalogues during the Conference, for ordering purposes. Exhibitors often offer conference discounts, or sell their materials at reduced prices at the end of the conference.

## Take Advantage of Networking Opportunities

◆ Attend the Newcomers Reception on Thursday afternoon, Nov. 7, 2:15 pm. Introduce yourself to other first-time attenders and meet the Board of Directors. Come to the President's Welcoming Reception on Thursday evening, Nov. 7, 9:00 pm. Meet President Michael

Sporakowski, and listen to great music.

◆ Check name badges. They are coded for students or first-time conference attendees. Suggest meeting other attendees for a snack or a meal.

◆ Be assertive. When you introduce yourself, have a brief 3-5 second explanation of the kind of work you do to help break the ice. Be a good listener!

◆ To find someone, leave messages in several places: the NCFR message board, the front desk at the hotel, or under a guest's door.

◆ Attend receptions and parties especially those sponsored by college departments.

◆ Use the central sitting areas with colleagues. This is a great place for people you know to introduce you to people they know.

◆ Exchange business cards when meeting new colleagues. Make notes on the back to remind yourself about significant information. Follow up with phone calls or notes after you return home.

◆ Share rooms. Staying with a group of people you know adds to the fun and lowers expenses. If you want to room with someone, but don't know who, take advantage of NCFR's matching service.

◆ Go out to a pay your own way dinner with others. Stop in the Hospitality Room (Pershing Exhibit Hall) and sign up to go out with a group. Members of the Local Arrangements Committee and the Kansas Council on Family Relations will serve as your hosts.

## Keep Physically Fit, Mentally Alert and Safe

◆ Make sure you get enough rest during the Conference. Fatigue is predictable due to a combination of late evenings, presentations, dinners, parties, early sessions, and meetings.

◆ Don't skip meals. Try to eat a balanced diet.

◆ Take work-out gear. The hotel has indoor exercise equipment.

◆ Be safety-smart while at the conference. 1) Don't wear your name badge outside the conference facility - it is obvious that you are a visitor. 2) Stay in groups when walking outdoors. 3) Use only unmarked rental cars. 4) When you are in your room, keep the door locked and the deadbolt engaged at all times. 5) If someone comes to your door, use the peephole to see who it is. Call the front desk or security if the person says that he/she is on the hotel staff to see if the visit is authorized. 6) Be alert when riding an elevator by yourself. 7) Leave valuables in hotel safe deposit boxes.

◆ Frequently check for messages at the Message Board. Call the Hotel front desk for phone calls.
